

Janet Grace is a consultant neuropsychiatrist based in Northumberland. She trained in Nottingham then Newcastle. Her doctorate was on fluctuations in consciousness in dementia.

Since completing her MD, she has worked as a Older Persons' Consultant and a Neuropsychiatrist in the NHS. In the NHS, Janet was the lead consultant for the neurobehavioural in patient unit then the acute neuropsychiatric ward and a period as a community neuropsychiatrist.

Janet has been working fulltime in private practice since 2017 and returned to the NHS in April 2020 as part of the Covid initiative.

Her private work comprises both Court of Protection and personal injury work as well as running a private clinic.
